# **INVESTOR PRESENTATION** Q2 2019

July 30, 2019

# **Forward-looking Statements**

Statements in this presentation that are not historical in nature, including those concerning the company's current expectations about its future results, are "forward-looking" statements as defined in Section 21E of the Securities Exchange Act of 1934, as amended, and the Private Securities Litigation Reform Act of 1995. Forward-looking statements are identified by words such as "may," "should," "expects," "provides," "anticipates," "assumes," "can," "will," "meets," "could," "likely," "intends," "might," "predicts," "seeks," "would," "believes," "estimates," "plans," "continues," "guidance," or "outlook" or similar expressions. These forward-looking statements reflect the company's current expectations about future requirements and needs, results, levels of activity, performance, or achievements. Some of the factors that could cause actual results to differ materially from the forward-looking statements contained herein include, without limitation: failure to achieve expected utilization rates, billing rates and the number of revenue-generating professionals; inability to expand or adjust our service offerings in response to market demands; our dependence on renewal of client-based services; dependence on new business and retention of current clients and gualified personnel; failure to maintain third-party provider relationships and strategic alliances; inability to license technology to and from third parties; the impairment of goodwill; various factors related to income and other taxes; difficulties in successfully integrating the businesses we acquire and achieving expected benefits from such acquisitions; risks relating to privacy, information security, and related laws and standards; and a general downturn in market conditions. These forward-looking statements involve known and unknown risks, uncertainties, and other factors, including, among others, those described under "Item 1A. Risk Factors" in Huron's Annual Report on Form 10-K for the year ended December 31, 2018, that may cause actual results, levels of activity, performance or achievements to be materially different from any anticipated results, levels of activity, performance, or achievements expressed or implied by these forward-looking statements. The company disclaims any obligation to update or revise any forward-looking statements as a result of new information or future events, or for any other reason. Guidance noted in this presentation is effective as of July 30, 2019. Nothing in this presentation should be construed as reaffirming, disaffirming or updating such guidance.

# COMPANY OVERVIEW

# **Trusted Advisor For Transformative Strategic Decisions And Execution**

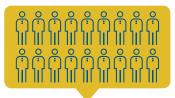

We are a global consultancy that helps our clients drive growth, enhance performance and sustain leadership in the markets they serve. We partner with them to develop strategies and implement solutions that enable the transformative change our clients need to own their future.

With approximately 200 professionals

Headquartered in Chicago with domestic and international offices

More than 3,200 professionals with leading expertise

Publicly traded on the NASDAQ since October 2004

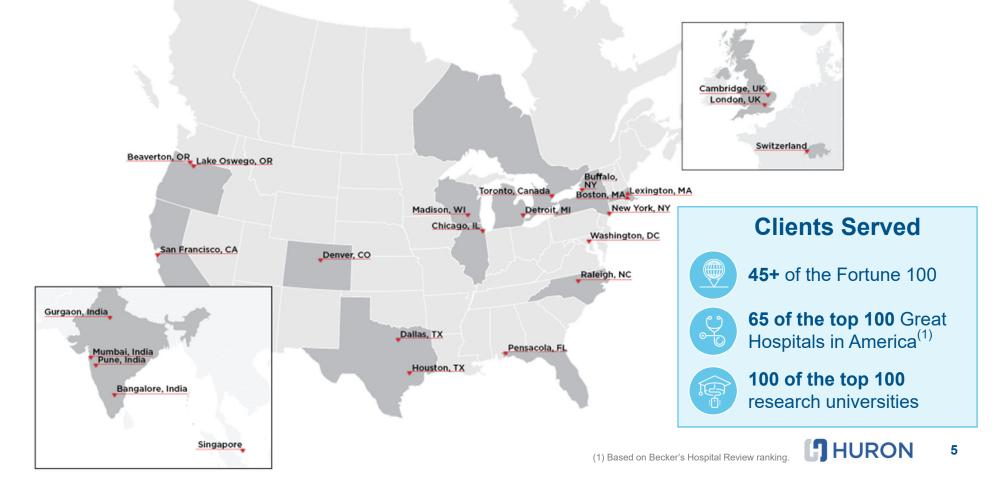

2018 revenue of \$795 million

Huron served more than 1,200 businesses and institutions, including 250 new clients

# **Global Client Base And Footprint**

# Partner With Clients To Strengthen Their Business Today And Create Future Growth For Tomorrow

Focused on serving industries facing significant disruption and/or regulatory change...

# 2 **SERVICES OVERVIEW**

# Healthcare Segment Overview

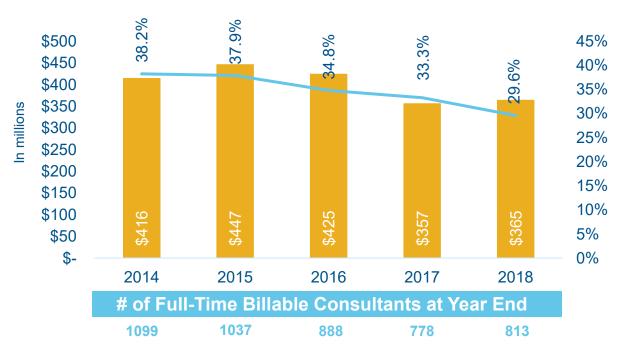

Health systems, hospitals and medical clinics are under immense pressure to improve clinical outcomes and reduce the cost of providing patient care. Investing in new partnerships, clinical services and technology is not enough to create meaningful and substantive change. To succeed long term, healthcare organizations must empower leaders, clinicians, employees, affiliates and communities to build cultures that foster innovation to achieve the best outcomes for patients. We help healthcare organizations build innovation capabilities and accelerate key growth initiatives, enabling organizations to own the future, instead of being disrupted by it.

### AT A GLANCE

- Served more than 450 health systems, hospitals and physician organizations, including 65 of the top 100 Great Hospitals in America (Source: Becker's Hospital Review)
- Over 1,000 specialists and experienced consultants dedicated to the healthcare industry including a leadership team that brings more than 25 years of healthcare and consulting experience
- Fully integrated implementation approach resulting in 3% to 6% revenue benefit and 5% to 10% operating expense benefit annually with a potential improvement rate of 2-9%

# **Market Trends**

### INNOVATION

Organization leaders are interested in forward-looking strategies, today's investments continue to focus on current state.

### **CONSUMER EXPECTATIONS**

Changing consumer expectations around technology and transparency will impact the labor decisions healthcare organizations will need to make in the next 3-5 years.

## REVENUE ENHANCEMENT & COST CONTAINMENT

Forty-six percent of leaders are exploring new and alternative ways of generating revenue.

### **LEADERSHIP, TALENT & CULTURE**

Nearly half of healthcare organizations are considering or turning to short-term staffing contracts to fill clinical and non-clinical roles.

### **TECHNOLOGY INVESTMENT**

Trends indicate healthcare organizations are investing in ways of activating valuable data from their technology investments.

### ALTERNATIVES TO TRADITIONAL M&A

75 percent of healthcare leaders agree industry collaboration is vital to their organizations' longevity.

HURON

Source: Huron commissioned a blind, online survey of 301 healthcare executives conducted from May to June 2018. The survey results are statistically significant with a confidence level of 95 percent and a margin of error of +/-5.5 percent or less.

# Business Advisory Segment Overview

Across industries worldwide, increasingly complex challenges are making it difficult for businesses to grow revenues and increase value. Success depends on the relationships companies have with their customers and their ability to make insightful decisions that deliver value. Our experience across a range of commercial sectors enables us to truly understand the complexities of the competitive landscape, stakeholder needs and statutory regulations. We work in partnership with our clients and their stakeholders to evaluate and implement solutions that address the challenges they face and help move their businesses forward.

# Education Segment Overview

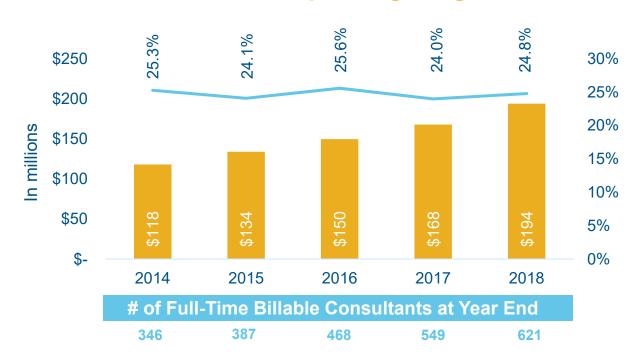

Higher education institutions, academic medical centers and research organizations face mounting pressures from increased public scrutiny, evolving student demographics and declining enrollments and public funding. At the same time, these organizations are trying to improve outcomes and reduce costs in a dynamic, disruptive environment. To thrive long term, institutions must design the path forward with an intentional approach and innovative thinking, whereby stakeholders across the entire institution rally around a shared vision and embrace the hard work of effecting change. We help organizations tackle today's challenges while accelerating growth initiatives, enabling them to own their future, instead of being disrupted by it.

### **AT A GLANCE**

- Worked with more than 500 institutions, including all top 100 research universities
- Conducted over 7,000 successful engagements
- Professionals have been dedicated to providing professional services and solutions for the industry for more than 25 years

+ 2019 Guidance noted in this presentation is effective as of July 30, 2019. Nothing herein should be construed as reaffirming, disaffirming or updating such guidance.
 + See accompanying appendix for a reconciliation of Adjusted Diluted Earnings per Share, which is a non-GAAP measure, to the most comparable GAAP measure.

# Free Cash Flow Per Share & Free Cash Flow Yield

Free cash flow is defined as cash from operations minus capital expenditures. Free cash flow yield is defined as free cash flow per diluted share divided by end of period stock price. See accompanying appendix for a reconciliation of free cash flow, which is a non-GAAP measure, to the most comparable GAAP measure.

# **Operating Metrics From Continuing Operations**

	2014	2015	2016	2017	2018
Number of Full-Time Billable Consultants	1,738	1,821	1,903	2,136	2,247
Headcount Leverage <sup>(1)</sup>	15.6	15.0	14.7	15.3	15.5
Full-Time Billable Consultant Utilization Rate	75.4%	76.9%	74.6%	74.5%	77.5%
Average Full-Time Equivalents	112	<b>229</b> <sup>(2)</sup>	262	268	281
Revenue Per Day (in thousands)	\$ 2,648	\$ 2,963	\$3,070	\$3,112	\$3,349

(1) Headcount leverage is the number of non-MD full-time billable consultants divided by the number of MDs at the end of each period.

(2) Includes Studer Group, a business that was acquired in February 2015.

# 4 APPENDIX

# **Reconciliations Of Non-GAAP Measures To Comparable GAAP Measures**

In evaluating the company's financial performance and outlook, management uses earnings (loss) before interest, taxes, depreciation and amortization ("EBITDA"), adjusted EBITDA, adjusted EBITDA as a percentage of revenues, adjusted net income from continuing operations, and adjusted diluted earnings per share from continuing operations, which are non-GAAP measures. Management uses these non-GAAP financial measures to gain an understanding of the company's comparative operating performance (when comparing such results with previous periods or forecasts). These non-GAAP financial measures are used by management in their financial and operating decision making because management believes they reflect the company's ongoing business in a manner that allows for meaningful period-to-period comparisons. Management also uses these non-GAAP financial measures when publicly providing the company's business outlook, for internal management purposes, and as a basis for evaluating potential acquisitions and dispositions. Management believes that these non-GAAP financial measures provide useful information to investors and others in understanding and evaluating Huron's current operating performance and future prospects in the same manner as management does, if they so choose, and in comparing in a consistent manner Huron's current financial results with Huron's past financial results. Investors should recognize that these non-GAAP measures might not be comparable to similarly titled measures of other companies. These measures should be considered in addition to, and not as a substitute for or superior to, any measure of performance, cash flows or liquidity prepared in accordance with accounting principles generally accepted in the United States.

Management has provided its outlook regarding adjusted EBITDA and non-GAAP adjusted diluted earnings per share, both of which are non-GAAP financial measures and exclude certain charges. Management has not reconciled these non-GAAP financial measures to the corresponding GAAP financial measures because guidance for the various reconciling items are not provided. Management is unable to provide guidance for these reconciling items because we cannot determine their probable significance, as certain items are outside of the company's control and cannot be reasonably predicted since these items could vary significantly from period to period. Accordingly, the reconciliations to the corresponding GAAP financial measures are not available without reasonable effort.

# **Reconciliations of non-GAAP measures**

Reconciliation of net income (loss) from continuing operations to adjusted earnings before interest, taxes, depreciation and amortization (EBITDA) *(in millions)*
