CHICAGO--(BUSINESS WIRE)--May 5, 2026-- Global professional services firm Huron (Nasdaq: HURN) today announced financial results for the quarter ended March 31, 2026.

"Revenues before reimbursable expenses (RBR) increased 12% in the first quarter of 2026 compared to 2025, driven by growth across the Healthcare, Education, and Commercial segments, including record RBR performance in Healthcare," said [Mark Hussey](#), chief executive officer and president of [Huron](#). "We also continued our trajectory of margin expansion during the quarter, reflecting disciplined execution by our highly talented team."

"We are encouraged by the strong start to the year and strength of our pipeline and backlog as we affirm our annual RBR and margin guidance. We continue to believe we are well positioned to serve as our clients' trusted advisor as they evolve their business models and organizations to succeed in challenged markets and in an increasingly AI-enabled world. We remain focused on executing against the market tailwinds driving demand for our business and further strengthening our competitive position to best serve our clients and achieve our financial goals," added [Hussey](#).

FIRST QUARTER 2026 RESULTS

Revenues before reimbursable expenses (RBR) increased \$48.0 million, or 12.1%, to \$443.7 million for the first quarter of 2026, compared to \$395.7 million for the first quarter of 2025. This growth reflects continued strength in demand for the company's Consulting and Managed Services capabilities within the Healthcare and Commercial segments. The overall increase includes \$19.3 million of incremental RBR from the company's acquisitions completed since December 31, 2024. Excluding the \$19.3 million of incremental RBR from the company's acquisitions, RBR grew 7.3% organically.

Net income was \$23.2 million, or 5.1% of total revenues, for the first quarter of 2026, compared to \$24.5 million, or 6.1% of total revenues, for the same quarter last year. Net income for the first quarter of 2026 includes \$3.8 million of income tax expense, compared to an income tax benefit of \$3.1 million recorded in the first quarter of 2025. Diluted earnings per share increased to \$1.34 for the first quarter of 2026, compared to \$1.33 for the first quarter of 2025. The income tax expense in the first quarter of 2026 had an unfavorable \$0.22 impact on diluted earnings per share, while the income tax benefit in the first quarter of 2025 had a favorable \$0.17 impact on diluted earnings per share.

First quarter 2026 earnings before interest, taxes, depreciation and amortization ("EBITDA") ⁽⁹⁾ increased \$11.7 million, or 34.1%, to \$45.9 million compared to \$34.2 million in the same prior year period.

In addition to using EBITDA to evaluate the company's financial performance, management uses other non-GAAP financial measures, which exclude the effect of the following items (in thousands).

Adjusted EBITDA⁽⁹⁾ increased \$9.1 million, or 21.9%, to \$50.6 million, or 11.4% of RBR⁽⁹⁾, in the first quarter of 2026, compared to \$41.5 million, or 10.5% of RBR⁽⁹⁾, in the same quarter last year. Adjusted net income⁽⁹⁾ was \$30.0 million, or \$1.73 per diluted share, for the first quarter of 2026, compared to \$31.1 million, or \$1.68 per diluted share, for the same quarter in 2025.

The number of revenue-generating professionals⁽¹⁾, excluding Managed Services professionals, increased 12.6% to 5,346 as of March 31, 2026 from 4,748 as of March 31, 2025, as a result of the acquisitions completed since the first quarter of 2025 and hiring to support the overall increase in demand for the company's services. The utilization rate⁽⁸⁾ of the company's Consulting capability increased to 74.6% during the first quarter of 2026, compared to 74.1% during the same period last year. The utilization rate⁽⁸⁾ for the company's Digital capability was 74.8% during the first quarter of 2026, compared to 78.2% during the same period last year. The number of Managed Services professionals increased 59.5% to 2,643 as of March 31, 2026 from 1,657 as of March 31, 2025.

Additionally, Huron returned \$155.5 million to shareholders in 2026 through repurchases of 1,114,806 shares of the company's common stock, representing 6.5% of the company's common stock outstanding as of December 31, 2025.

OPERATING INDUSTRIES

The company's year-to-date 2026 revenues before reimbursable expenses (RBR) by operating segment as a percentage of total company RBR are as follows: Healthcare (51%); Education (29%); and Commercial (20%). Financial results by operating industry are included in the attached schedules and in Huron's forthcoming Quarterly Report on Form 10-Q filing for the quarter ended March 31, 2026.

OUTLOOK FOR 2026

Based on currently available information, the company is affirming guidance for full year 2026 revenues before reimbursable expenses (RBR) in a range of \$1.78 billion to \$1.86 billion. The company also anticipates adjusted EBITDA as a percentage of RBR⁽⁹⁾ in a range of 14.5% to 15.0%, and adjusted diluted earnings per share⁽⁹⁾ guidance in a range of \$8.35 to \$9.15.

FIRST QUARTER 2026 WEBCAST

The company will host a webcast to discuss its financial results today, May 5, 2026, at 5:00 p.m. Eastern Time, 4:00 p.m. Central Time. The conference call is being webcast by Notified and can be accessed from Huron's website at <http://ir.huronconsultinggroup.com>. A replay will be available approximately two hours after the conclusion of the webcast and for 90 days thereafter.

USE OF NON-GAAP FINANCIAL MEASURES⁽⁹⁾

In evaluating the company's financial performance and outlook, management uses EBITDA, adjusted EBITDA, adjusted EBITDA as a percentage of revenues before reimbursable expenses (RBR), adjusted net income, and adjusted diluted earnings per share, which are non-GAAP financial measures. Management uses these non-GAAP financial measures to gain an understanding of the company's comparative operating performance (when comparing such results with previous periods or forecasts). These non-GAAP financial measures are used by management in their financial and operating decision making because management believes they reflect the company's ongoing business in a manner that allows for meaningful period-to-period comparisons. Management also uses these non-GAAP financial measures when publicly providing the company's business outlook, for internal management purposes, and as a basis for evaluating potential acquisitions and dispositions. Management believes that these non-GAAP financial measures provide useful information to investors and others in understanding and evaluating Huron's current operating performance and future prospects in the same manner as management does, if they so choose, and in comparing in a consistent manner Huron's current financial results with Huron's past financial results. Investors should recognize that these non-GAAP financial measures might not be comparable to similarly titled measures of other companies. These measures should be considered in addition to, and not as a substitute for or superior to, any measure of performance, cash flows or liquidity prepared in accordance with accounting principles generally accepted in the United States.

Management has provided its outlook regarding adjusted EBITDA as a percentage of RBR and adjusted diluted earnings per share, both of which are non-GAAP financial measures and exclude certain charges. Management has not reconciled these non-GAAP financial measures to the corresponding GAAP financial measures because guidance for the various reconciling items is not provided. Management is unable to provide guidance for these reconciling items because they cannot determine their probable significance, as certain items are outside of the company's control and cannot be reasonably predicted since these items could vary significantly from period to period. Accordingly, reconciliations to the corresponding GAAP financial measures are not available without unreasonable effort.

(1) Consists of our full-time consultants who generate revenues based on the number of hours worked; full-time equivalents, which consists of coaches and their support staff within the culture and organizational excellence solution, consultants who work variable schedules as needed by clients, and full-time employees who provide software support and maintenance services to clients; and our Managed Services professionals who provide revenue cycle management and research administration managed services and outsourcing at our healthcare, education and research-focused clients.

(2) The majority of our revenue-generating professionals within our Commercial segment can provide services across all of our industries, including healthcare and education, and the related costs of these professionals are allocated to each of the segments.

(3) The increase in the number of revenue-generating professionals within our Commercial segment includes the company's acquisition of Treliant in the third quarter of 2025. This acquisition added approximately 180 revenue-generating professionals, of which approximately 65 are consultants who work variable schedules as needed by clients.

(4) During the first quarter of 2026, we reclassified the revenue-generating professionals within one of Commercial's Digital offerings to the same Digital offering within Healthcare as these revenue-generating professionals primarily provide services to clients in the healthcare industry. This reclassification had no impact on the total Huron headcount or RBR reported for any period.

The number of revenue-generating professionals within this offering as of December 31, 2024, March 31, 2025, June 30, 2025, September 30, 2025 and December 31, 2025 was 190, 158, 154, 154, and 145, respectively. The prior period headcount reported by segment in the table above has been revised for consistent presentation.

(5) During the first quarter of 2026, we reclassified one of the offerings within Education's Managed Services capability to Education's Consulting capability. This reclassification had no impact on the total Huron headcount or RBR reported for any period.

The number of revenue-generating professionals within this offering as of December 31, 2024, March 31, 2025, June 30, 2025, September 30, 2025 and December 31, 2025 was 23, 22, 23, 21 and 21, respectively. The prior period headcount reported by segment and by capability in the table above has been revised for consistent presentation. The prior period Education Managed Services capability headcount in footnote 6 below has been revised for consistent presentation.

RBR generated by this offering during the quarters ended March 31, 2025, June 30, 2025, September 30, 2025, and December 31, 2025 was \$1.8 million, \$1.4 million, \$1.8 million, and \$1.6 million, respectively, and during the years ended December 31, 2024 and 2025 was \$7.3 million and \$6.6 million, respectively. This reclassification did not impact the total Education Consulting and Managed Services RBR reported for any period, and the prior period Education Managed Services capability RBR in footnote 7 below has been revised for consistent presentation.

(6) We have separately presented the total number of revenue-generating professionals within our Managed Services capabilities of our Healthcare and Education segments. Our Healthcare Managed Services professionals provide revenue cycle billing, collections, insurance verification and change integrity services to clients. Our Education Managed Services professionals provide research administration managed services and outsourcing at our education and research-focused clients.

The number of Managed Services professionals within our Healthcare segment was 2,537 and 1,568 as of March 31, 2026 and 2025, respectively.

The number of Managed Services professionals within our Education segment was 106 and 89 as of March 31, 2026 and 2025, respectively.

(7) Managed Services capability revenues before reimbursable expenses within our Healthcare segment was \$26.1 million and \$18.3 million for the three months ended March 31, 2026 and 2025, respectively.

Managed Services capability revenues before reimbursable expenses within our Education segment was \$5.8 million and \$5.6 million for the three months ended March 31, 2026 and 2025, respectively.

(8) Utilization rate is calculated by dividing the number of hours our billable consultants worked on client assignments during a period by the total available working hours for these billable consultants during the same period. Available working hours are determined by the standard hours worked by each billable consultant, adjusted for part-time hours, and U.S. standard work weeks. Available working hours exclude local country holidays and vacation days. Utilization rates are presented for our revenue-generating professionals who primarily bill on an hourly basis. We have not presented utilization rates for our Managed Services professionals as most of the revenues generated by these employees are not billed on an hourly basis.

(9) In evaluating the company's financial performance and outlook, management uses earnings before interest, taxes, depreciation and amortization ("EBITDA"), adjusted EBITDA, adjusted EBITDA as a percentage of revenues before reimbursable expenses, adjusted net income, and adjusted diluted earnings per share, which are non-GAAP financial measures. Management uses these non-GAAP financial measures to gain an understanding of the company's comparative operating performance (when comparing such results with previous periods or forecasts). These non-GAAP financial measures are used by management in their financial and operating decision making because management believes they reflect the company's ongoing business in a manner that allows for meaningful period-to-period comparisons. Management also uses these non-GAAP financial measures when publicly providing the company's business outlook, for internal management purposes, and as a basis for evaluating potential acquisitions and dispositions. Management believes that these non-GAAP financial measures provide useful information to investors and others in understanding and evaluating Huron's current operating performance and future prospects in the same manner as management does, if they so choose, and in comparing in a consistent manner Huron's current financial results with Huron's past financial results. Investors should recognize that these non-GAAP financial measures might not be comparable to similarly titled measures of other companies. These measures should be considered in addition to, and not as a substitute for or superior to, any measure of performance, cash flows or liquidity prepared in accordance with accounting principles generally accepted in the United States.

(10) The non-GAAP financial measures for the three months ended March 31, 2026 include an adjustment for \$3.8 million of contingent consideration remeasurement charges to permit comparability with periods that are not impacted by these items. These remeasurement charges were recorded as a component of other losses on the consolidated statement of operations.
