**PROXY STATEMENT
for
ANNUAL MEETING OF STOCKHOLDERS**

This Proxy Statement is furnished in connection with the solicitation of proxies to be voted at the 2013 Annual Meeting of Stockholders of Huron Consulting Group Inc. (the "Company," "Huron," "we" or "us"). The 2013 Annual Meeting of Stockholders (the "Annual Meeting") will be held on Friday, May 3, 2013 at 11:00 a.m. Central Daylight Savings Time, at the Company's corporate headquarters located at 550 West Van Buren Street, Chicago, Illinois 60607. This Proxy Statement and the accompanying proxy card are first being mailed to stockholders on or about March 22, 2013.

GENERAL INFORMATION ABOUT THE MEETING

Quorum and Voting Requirements

The Company has one class of common stock. Each share of common stock is entitled to one vote on each matter to be voted upon at the Annual Meeting. Stockholders do not have the right to cumulate votes in the election of directors. Only stockholders of record at the close of business on March 4, 2013 (the "Record Date") will be entitled to vote at the Annual Meeting. As of the Record Date, there were 23,269,912 shares of common stock issued and outstanding.

The accompanying proxy is solicited from the holders of record of the common stock on behalf of the board of directors of the Company and is revocable at any time by giving written notice of revocation to the Secretary of the Company prior to the Annual Meeting or by executing and delivering a later-dated proxy by mail prior to the Annual Meeting. Furthermore, the stockholders of record who are present at the Annual Meeting may revoke their proxies and vote in person.

If your shares are held in a bank or brokerage account, you will receive proxy materials from your bank or broker, which will include a voting instruction form. If you would like to revoke voting instructions given to your bank or broker, you must follow its instructions. If you would like to attend the Annual Meeting and vote these shares in person, you must obtain a proxy from your bank or broker. You must request the proxy from your bank or broker; it will not automatically supply one to you.

All shares of the Company's common stock represented by properly executed and unrevoked proxies will be voted by the proxies in accordance with the directions given therein. Where no instructions are indicated, properly executed proxies will be voted "FOR" the proposals set forth in this Proxy Statement for consideration at the Annual Meeting.

A quorum, consisting of at least one-third of shares of common stock issued and outstanding, must be present at the meeting for any business to be conducted. Shares of common stock entitled to vote and represented by properly executed, returned and unrevoked proxies, including shares with respect to which votes are withheld, abstentions are cast or there are broker non-votes on some proposals but not others, will be considered present at the meeting for purposes of determining a quorum.

PROPOSAL 1
ELECTION OF DIRECTORS

Board of Directors

The Company's third amended and restated certificate of incorporation divides the Company's board of directors into three classes, with each class being elected to a three-year term.

The board of directors has nominated James D. Edwards, John McCartney and James H. Roth as Class III Directors to be voted upon at the 2013 Annual Meeting. H. Eugene Lockhart and George E. Massaro are Class I Directors serving terms ending at the 2014 Annual Meeting. DuBose Ausley and John S. Moody are Class II Directors serving terms ending at the 2015 Annual Meeting.

This Proxy Statement relates only to the solicitation of proxies from the stockholders with respect to the election of the three nominees as Class III Directors and the other matters described herein. The board of directors knows of no reason that Mr. Edwards, Mr. McCartney or Mr. Roth might be unavailable to serve as the Class III Directors, and each has expressed an intention to serve, if elected. If Mr. Edwards, Mr. McCartney or Mr. Roth is unable to serve, the shares represented by all valid proxies will be voted "FOR" the election of such substitute nominee as the board of directors may recommend. There are no arrangements or understandings between any of the persons nominated to be a Class III Director and any other person pursuant to which any of such nominees was selected.

The election of a director requires the affirmative vote of a plurality of the shares of common stock present in person or represented by proxy at the Annual Meeting that are voted, provided that a quorum is represented at the meeting. A "plurality" means that the individuals who receive the largest number of votes are elected as directors up to the maximum number of directors to be elected at the meeting. Therefore, abstentions and "broker non-votes" will have no impact on the election of directors. Properly executed proxies submitted pursuant to this solicitation will be voted "FOR" the election of Mr. Edwards, Mr. McCartney and Mr. Roth as Class III Directors, unless specified otherwise.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE **"FOR"** THE ELECTION OF MR. EDWARDS, MR. MCCARTNEY AND MR. ROTH AS CLASS III DIRECTORS.

The tables below set forth certain information regarding the directors of the Company.

Director Independence

Our Corporate Governance Guidelines require that the board of directors make an annual determination regarding the independence of each of our directors. The board of directors has determined that Messrs. Ausley, Edwards, Lockhart, Massaro, McCartney and Moody are "independent" as defined in the applicable listing standards of The NASDAQ Stock Market, Inc. ("NASDAQ"). In making its determination, the board of directors considered the standards of independence set forth in the NASDAQ Corporate Governance Listing Standards and all relevant facts and circumstances to ascertain whether there was any relationship between a director and the Company that, in the opinion of the board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of the director or any material relationship with the Company (either directly, or as a partner, stockholder or officer of an organization that has a relationship with the Company).

Board Leadership Structure and Risk Oversight

Board Leadership. Huron formally separated the roles of chairman of the board and chief executive officer in 2010. Our Non-executive Chairman is John McCartney and our Chief Executive Officer is James H. Roth. As Non-executive Chairman, Mr. McCartney, in consultation with Mr. Roth, develops the agendas for board meetings, determines the appropriate scheduling for board meetings, assesses the quality, quantity and

[Table of Contents](#)

timeliness of information provided from management to the board, assists the Nominating and Corporate Governance Committee in monitoring and implementing our Corporate Governance Guidelines and otherwise takes steps to ensure that the board is acting in the long-term best interests of the Company. Mr. McCartney also chairs executive sessions of the board. In addition, George E. Massaro serves as Vice Chairman. In that role he has devoted his energies to the conclusion of the remaining restatement related matters in order to allow our management team to focus its attention on Huron's clients, people and marketplace.

The board, after discussion, has determined that our current board leadership structure is appropriate for the Company, as it believes the separation of powers is beneficial for our organization.

Risk Oversight. One of the board's responsibilities is to review the adequacy of the Company's systems for compliance with all applicable laws and regulations for safeguarding the Company's assets and for managing the major risks it faces. The board executes its responsibility for risk management directly and through its committees. The committees oversee risk matters associated with their respective areas of responsibility. For example, in addition to receiving reports from PricewaterhouseCoopers LLP ("PwC"), Huron's independent registered public accounting firm, regarding significant accounting and financial reporting developments, our internal control over financial reporting and other matters, the Audit Committee requires direct reports from:

- The General Counsel on legal developments;
- Huron's internal auditors on internal controls and financial compliance control matters; and
- The Chief Compliance Officer on whistleblower hotline and compliance related issues.

The committees advise the full board of their risk oversight activities. In addition, the board regularly considers potential business risks facing the Company, including those surrounding such issues as:

- Security and Privacy;
- Quality Assurance;
- International Compliance;
- Merger Integration;
- Business Continuity;
- Revenue Recognition;
- Employee Retention; and
- Strategic Planning.

In 2012, we reviewed our material compensation policies and practices and reported to the Compensation Committee that these policies and practices are considered not to entail risks reasonably likely to have a material adverse effect on the Company. The Chief Compliance Officer, the CFO, the General Counsel, the Corporate Vice President, Human Resources and the Director of Compensation reviewed the plan elements, potential risks and various controls in place with respect to Huron's executive, managing director, employee and business developer compensation plans. After reviewing the findings made by this group, the Compensation Committee agreed with the assessment that the compensation policies and practices are considered not to entail risks reasonably likely to have a material adverse effect on the Company.

Board Meetings and Committees

The board of directors conducts its business through meetings of the full board, actions taken by written consent in lieu of meetings, and by the actions of its committees. During 2012, the board of directors held 11 meetings.

[Table of Contents](#)

During 2012, each board member attended at least 75% of the aggregate number of board meetings and meetings of all the committees on which the director served. Although the Company does not have a formal policy regarding director attendance at our annual meetings, we encourage directors to attend. All directors attended the 2012 Annual Meeting of Stockholders.

The board of directors operates in part through its three committees: Audit, Compensation, and Nominating and Corporate Governance. All committee members are “independent” as defined in the applicable listing standards of NASDAQ. In addition, all Compensation Committee members are “non-employee directors” within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (the “1934 Act”) and “outside directors” within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”), and all Audit Committee members meet the criteria for independence set forth in SEC Rule 10A-3(b)(1). Each of the committee charters is available in the Investor Relations section of the Company’s web site at www.huronconsultinggroup.com.

Audit Committee. The Audit Committee responsibilities include overseeing our accounting and financial reporting processes, overseeing the audits of our financial statements and internal control over financial reporting, and retaining and discharging our auditors. The Audit Committee met six times in 2012. The members of the Audit Committee are Messrs. Lockhart (Chairman), McCartney and Moody. The board of directors has determined that each Audit Committee member has sufficient knowledge in financial and auditing matters to serve on the Audit Committee. The board of directors has also determined that each of Messrs. Lockhart and McCartney is an “audit committee financial expert,” as defined by the applicable securities regulations and that each member of the Audit Committee satisfies the applicable NASDAQ listing standards for audit committee membership.

The Report of the Audit Committee for the fiscal year ended December 31, 2012 appears below under the caption “PROPOSAL 3—RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM—Report of the Audit Committee.”

Compensation Committee. The Compensation Committee responsibilities include overseeing our compensation and benefit plans, including all compensation arrangements for executive officers and directors. The Compensation Committee met six times in 2012. The members of the Compensation Committee are Messrs. Moody (Chairman), Ausley and Lockhart.

Management assists the Compensation Committee in the performance of its duties as described in more detail below under “EXECUTIVE COMPENSATION—Compensation Discussion and Analysis—Role of Management.” The Compensation Committee may exercise its discretion in modifying any recommended awards to executive officers. In addition, during 2012, the CEO participated in all of the Compensation Committee’s general meetings, in the telephonic meeting, and in all of the executive sessions, except for those in which the Compensation Committee considered the CEO’s performance, compensation and incentives. The Report of the Compensation Committee on Executive Compensation appears below under the caption “EXECUTIVE COMPENSATION—Compensation Committee Report.”

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee responsibilities include identifying and recommending to the board of directors appropriate director nominee candidates and providing oversight with respect to corporate governance matters. The Nominating and Corporate Governance Committee met three times in 2012. The members of the Nominating and Corporate Governance Committee are Messrs. Edwards (Chairman), Ausley and Massaro.

Directors may be nominated by the board of directors or by stockholders in accordance with the bylaws of the Company. The Nominating and Corporate Governance Committee will review all candidates for nomination to the board of directors, including those proposed by stockholders as provided below. The Nominating and Corporate Governance Committee reviews the person’s judgment, experience, independence, understanding of

the Company's business or other related industries, and such other factors as the Nominating and Corporate Governance Committee determines are relevant in light of the needs of the board of directors and the Company. The board of directors believes that its nominees should reflect over time a diversity of experience, gender, race, ethnicity and age, although it follows no strict criteria when making decisions. The Nominating and Corporate Governance Committee selects qualified candidates and reviews its recommendations with the board of directors, which will decide whether to invite the candidate to be a nominee for election to the board of directors.

If the Nominating and Corporate Governance Committee receives a nominee recommendation in accordance with the rules of the SEC from a stockholder or group of stockholders that has beneficially owned more than 5% of the Company's voting common stock for at least one year as of the date of the recommendation, the name of the candidate, the name(s) of the stockholder(s) who recommended the candidate, and whether the Nominating and Corporate Governance Committee chose to nominate the candidate will be disclosed in the proxy statement, if the consent of both the stockholder and the candidate has been received.

For a stockholder to submit a candidate for consideration by the Nominating and Corporate Governance Committee, a stockholder must notify the Company's Corporate Secretary. In addition, the Company's bylaws permit stockholders to nominate directors at a stockholders' meeting. To make a director nomination at the annual meeting, a stockholder must notify the Company's Corporate Secretary within the time periods specified under "SUBMISSION OF STOCKHOLDER PROPOSALS" below. Notices should be sent to: Corporate Secretary, Huron Consulting Group Inc., 550 West Van Buren Street, 17th Floor, Chicago, Illinois 60607, or *corporatesecretary@huronconsultinggroup.com*. In either case, the notice must meet all of the requirements contained in the bylaws.

If the communication is mailed as personal, it will not be opened, but rather will be forwarded unopened to the intended recipient.

Diversity of Board Skills and Experience

Huron does not have a formal policy on board member diversity; however, its board believes that board nominees should reflect over time a diversity of experience, gender, race, ethnicity and age. The Nominating and

Corporate Governance Committee, in discussing board composition, has focused on diversity of experience in relation to the development of the business. The Nominating and Corporate Governance Committee seeks candidates from regions where Huron offices are located, with prior management experience and experience on public company boards and in relevant industries.

Individual Contributions of Board Members

John McCartney, Huron's Non-executive Chairman, has served as chairman and vice chairman of the boards of several public and private companies, including those in the healthcare and drug development fields, as well as of an institution of higher education. His deep knowledge of accounting and his prior experience as chief financial officer and chief operating officer of a public company have prepared Mr. McCartney, while serving as a member of the Audit Committee, to successfully guide Huron through uncertain economic times to a bright future. Mr. McCartney is based in Chicago, the location of Huron's principal business offices.

George E. Massaro, Vice Chairman of Huron, contributes a thorough understanding of Huron's business and history through his former experience as leader of our Disputes and Investigations practice and Chief Operating Officer of Huron from 2003 to 2005, and his subsequent role as leader of the Special Investigation of Fannie Mae and similar client matters through February 2009. Moreover, his 30 plus years of experience in public accounting and management of a professional services practice with Arthur Andersen enables him to provide a broad range of business insights as well as contacts in the business community. Mr. Massaro's collective experience has served the Huron board well, particularly during his role as Non-executive Chairman from July 2009 until May 2010, as the board managed the resolution of the issues resulting from our financial restatement.

James H. Roth, our CEO and President, has, as a founding member of Huron, guided and grown Huron's Higher Education Consulting practice to a position of preeminence in the industry. Mr. Roth brings to the board his deep knowledge of the strategy and operations of institutions of higher education, including their healthcare and research facilities. Named in 2009 and in 2011 by *Consulting* magazine as one of the Top 25 Most Influential Consultants, Mr. Roth brings to the board a deep understanding of the Huron organization and the consulting business; in particular, research universities, hospitals, and academic medical centers, which today comprise nearly 70% of Huron's revenue. Under his sound leadership, the Company has been named by *Consulting* magazine as one of The Best Firms to Work For in 2011 and 2012, and, for the third year in a row, the Huron Healthcare practice has been ranked number three on *Modern Healthcare's* list of Largest Healthcare Management Consulting Firms.

DuBose Ausley has served on multiple boards of directors of companies, including telecoms, public utilities and financial institutions. His experiences serving on the boards of healthcare companies and institutions of higher education have allowed him to contribute the client perspective of those two primary areas of Huron's business. As a practicing attorney and former chair of a law firm in the Southeast United States, he is uniquely acquainted with the legal issues facing public companies that provide consulting services in healthcare and higher education. He also contributes to the board discussions and deliberations his professional legal knowledge as a litigator and his prior experiences as a member of corporate boards dealing with complex issues.

H. Eugene Lockhart brings to Huron's board the know-how and experience he has amassed through his work overseeing and growing companies in which he represents venture capital investors, his experience as chief executive officer of leading corporations, and his service on the boards of companies in such diverse fields as financial services, healthcare and pharmaceuticals. Mr. Lockhart's considerable experience serving as chairman of the audit committee of public companies has made him particularly able to lead the Company's Audit Committee. In addition, as the former executive and chairman of some of the most recognized companies in the world, Mr. Lockhart contributes to Huron his wealth of contacts, including those with investors.

James D. Edwards' experience includes 38 years with Arthur Andersen in the professional services industry and 25 years in various leadership positions, including Managing Partner for all operations in the United

States and North America from 1987 to 1997, which makes him singularly equipped to recognize and successfully address the challenges and opportunities presented to Huron. Mr. Edwards possesses a deep knowledge of accounting and financial consulting services, many years of experience managing a large segment of a professional services firm, and a vast network of prior Arthur Andersen clients in such diverse fields as real estate, pharmaceuticals and healthcare, all of which add to Huron's board deliberations a wealth of relevant management experience, knowledge of the consulting industry and contacts throughout the business world.

John S. Moody has spent the majority of his career working with real estate related businesses. He has served on multiple boards of directors, including serving as chairman and vice chairman, of companies organized as real estate investment trusts engaged in commercial real estate, as well as forest products. Mr. Moody has provided introductions for Huron's Houston office consultants to his many contacts in Texas. As the former chief executive officer of a public company which owned Class A office buildings throughout the United States, as well as a professionally trained real estate and corporate attorney with broad experience in the capital markets, Mr. Moody is highly suited to his role as chairman of Huron's Compensation Committee.

Compensation of Directors

During 2012, we paid each of our non-employee directors an annual cash retainer of \$60,000 and \$1,000 for each meeting of the board of directors or any committee of the board that he attended. In connection with Mr. Massaro's resumption of his prior role as Vice Chairman in May 2010, the Compensation Committee approved, effective April 1, 2010, an annual supplemental retainer of \$25,000 for Mr. Massaro in addition to the annual board retainer of \$60,000. In connection with Mr. McCartney's assumption of the role of Non-executive Chairman in May 2010, the Compensation Committee approved, effective May 3, 2010, an annual cash retainer of \$175,000 for Mr. McCartney in addition to the annual board retainer of \$60,000. Mr. McCartney does not receive a fee for meetings he attends.

In addition to the annual cash retainer, we paid an annual fee of \$10,000 to the Chairperson of the Audit Committee and \$7,500 to the Chairpersons of each of the Compensation Committee and the Nominating and Corporate Governance Committee, for chairing the committees. All of our directors are reimbursed for out-of-pocket expenses for attending board and committee meetings. In addition, each non-employee director receives an annual grant of restricted stock on the date of the Company's annual meeting with a value of \$170,000, based on the closing stock price on the date immediately preceding the annual meeting. The restricted stock award vests ratably over the following 12 calendar quarters and vests immediately in the event of a change of control. On May 1, 2012, each non-employee director received 4,824 shares, based on the closing stock price on April 30, 2012 of \$35.24. Non-employee directors are expected to own Huron stock equal to the lesser of three times the annual cash retainer (not including the supplemental retainers paid to the Non-executive Chairman and Vice Chairman) or 9,000 shares. Although no new non-employee directors have joined the board since December 2007, in the future the Compensation Committee expects to make an initial grant of restricted stock to such new directors in an amount necessary to attract persons with the skills and experiences it seeks, based on the facts and circumstances of the Company at the time.

Directors are eligible to participate in our deferred compensation plan, which is described under the caption "EXECUTIVE COMPENSATION—2012 Nonqualified Deferred Compensation." One director has elected to participate beginning in 2013.

The Compensation Committee will review board compensation annually and make changes as it deems appropriate.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Discussion and Analysis provides information regarding the objectives and elements of our compensation program with respect to the compensation of persons who appear in the “Summary Compensation Table” (who we refer to collectively throughout this Proxy Statement as our “named executive officers”).

Executive Summary – Business Strategy, Performance and Compensation Decision Making

The Compensation Committee, in making compensation decisions impacting our named executive officers, considers the Company’s business strategy and performance against that strategy. To understand our compensation decision making, it is important to understand the Compensation Committee’s evaluation of the quantitative and qualitative performance of the Company during 2012.¹ The Company’s business strategy and performance are described more completely in our 10-K and 10-Q filings.

Huron delivered modest growth in 2012. Compared to 2011, we experienced revenue growth of 3.3%; adjusted EBITDA margins expanded from 18.3% to 18.5%; and adjusted earnings per share from continuing operations of \$2.34 increased 10.9%. Compared to the initial guidance range provided to investors, as adjusted for acquisitions closed in 2012, our revenue was 0.8% below the lower end of the guidance range. Our adjusted EBITDA margin was 18.5%, 20 basis points above the lower end of the range of guidance of 18.3%. Our Adjusted EPS of \$2.34 achieved the lower end of the range of guidance.

We amended and extended our Credit Facility on more favorable pricing and terms to increase our liquidity, while enhancing flexibility to pursue acquisitions. We reduced our borrowings, net of cash, by \$21.1 million, while funding \$55.2 million in purchases of businesses and \$20.7 million in capital expenditures. Following a slow start to 2012, we ended the year with record fourth quarter revenues of \$180.8 million.

Our full-time billable consultant headcount increased by 185 to approximately 1,417, an increase of 15%. Employee turnover was at an all-time low of less than 14%. For the second year in a row, Huron was recognized as one of the Best Firms to Work For by *Consulting* magazine. Huron was also recognized as one of *Modern Healthcare*’s largest Healthcare Management Consulting Firms. In 2012, we worked with 800 clients including over 170 new clients.

Huron has a focused strategy as we look to the next three years. The key components of that strategy are:

- To be recognized as a premier professional services firm serving the healthcare, education, life sciences and legal professions.

¹ In the following discussion of the Company’s 2012 performance, the Compensation Committee discusses certain of Huron’s results of operations using certain non-GAAP financial measures, which are discussed in the Company’s Annual Report on Form 10-K for the year ended December 31, 2012 (the “2012 Annual Report on Form 10-K”), Item 7, Management’s Discussion and Analysis of Financial Condition and Results of Operations under the subheading “Non-GAAP Measures.”

These non-GAAP financial measures include EBITDA, Adjusted EBITDA, Adjusted EBITDA margin and Adjusted EPS. EBITDA is defined as net income from continuing operations before interest and other expenses, income tax expense and depreciation and amortization. Adjusted EBITDA represents EBITDA as adjusted by adding back restatement related expenses, restructuring charges, goodwill impairment charges and litigation settlements (net). Adjusted EBITDA margin is Adjusted EBITDA expressed as a percentage of revenues. Adjusted EPS is defined as earnings per share from continuing operations adjusted for amortization of intangible assets, restatement related expenses, restructuring charges, goodwill impairment charges and litigation settlements (net), on a tax effected basis.

- To be number one or two in market share in healthcare, education and legal consulting businesses.
- To achieve our growth organically complemented by acquisitions that fit our strategic and cultural objectives.
- To strengthen our balance sheet, by continuing to improve working capital and by reducing debt.

The accomplishments that the Compensation Committee focused on in its evaluation of the compensation program are outlined below:

- Revenue from continuing operations was \$626 million in 2012, representing a 3.3% increase from 2011. Revenue is one of our compensation performance measures, which we discuss below.
- Adjusted EBITDA from continuing operations was \$115.8 million in 2012, representing a 4.5% increase from 2011. Adjusted EBITDA margin for 2012 was 18.5%, up from 18.3% in 2011. Adjusted EBITDA margin, a non-GAAP measure, is one of our compensation performance measures, which we discuss below.
- Adjusted earnings per share from continuing operations was \$2.34 compared with \$2.11 in 2011, representing a 10.9% increase. Adjusted earnings per share, a non-GAAP measure, is one of our compensation performance measures, which we discuss below.
- Huron strengthened its balance sheet while continuing to invest in our businesses. The Company reduced its total borrowings by \$1 million and increased cash by \$20 million, while paying \$55.2 million for purchases of businesses and \$20.7 million for capital expenditures. The Company also amended and extended its Credit Facility on more favorable terms, including lower pricing and increased flexibility to pursue acquisitions. Strengthening the balance sheet was a factor considered in compensation decisions, which we discuss below.
- Huron continues its focus on several market areas: Healthcare, Education, Life Sciences, Legal and Financial Consulting. In connection with our fourth quarter and full year 2012 earnings release, we announced the 2013 reorganization of our internal financial reporting structure in order to, among other things, separate our Health and Education Consulting segment into two separate segments: Huron Healthcare and Huron Education and Life Sciences to more closely align the practices with our view of the significant opportunities in each of these markets. These practices continue to share a significant number of academic medical center clients and will continue to closely collaborate in the market.
- The Company executed three acquisitions to further enhance its business offerings:
 - (1) Ascertus Ltd., a London-based source of software solutions and professional services for corporate legal departments and law firms. The addition strengthened Huron Legal's technology implementation offerings for global clients.
 - (2) Adams Grayson, a managed review and legal staffing firm based in Washington, D.C. to provide Huron Legal with a stronger presence serving customers in the Washington, D.C. area, supporting the continued growth of Huron's business throughout the East Coast.
 - (3) A division of Slover-Linett, a research firm focused on quantitative and qualitative research for higher education clients about the opinions and behaviors of prospective, admitted, rejected and current students, which will complement our strong presence in the higher education market and facilitate expanding this service line to our clients.
- The Company received strong shareholder support for its executive compensation program as evidenced by the vote in excess of 90% favoring the 2012 "Say on Pay" advisory vote.
- While 2012 TSR was down 13%, Huron's three-year stock percentage increase was 46% (see chart below).

Leadership Team

This past year Huron’s named executive officer team consisted of the following individuals:

- Mr. Roth, who continues in the role of Chief Executive Officer, President and Director.
- Mr. Hussey, who continues in the role of Executive Vice President, Chief Financial Officer and Treasurer.
- Ms. Ratekin, who continues in the role of Executive Vice President, General Counsel and Corporate Secretary.
- Mr. Rojas, who was appointed to the role of managing director and leader of the Strategic Growth and Advisory business for Huron Legal on September 4, 2012. Prior to this appointment, he served as Chief Operating Officer. The new position is not an executive officer position and is focused on pursuing strategic growth opportunities for the Company’s Legal Consulting segment.

Philosophy and Objectives of Our Executive Compensation Program

We strive to provide compensation to motivate and reward performance that is in the long-term best interests of our shareholders. We define performance as a blend of financial performance versus goals, achievement of strategic initiatives, and the delivery of value to shareholders. We endeavor to deliver a competitive target total value by using a mix of compensation vehicles that allows us to attract, motivate and retain top leadership talent. We also strive for a high level of clarity about how our program is designed and operates.

[Table of Contents](#)

The key operational aspects of our compensation program are summarized in the following table:

Dimension of Program	Description
Market Comparison	12 companies comprise our peer group for compensation decision making. This group is reviewed every year by the Compensation Committee.
Total Compensation Opportunity	Generally structure target total direct compensation opportunity within 10% to 15% of the peer group median. Target total direct compensation includes base salary, annual incentive compensation and long-term incentive awards. Actual value received by our named executive officers depends on Company performance.
Compensation Vehicles Used	We rely on base salary, annual cash incentive, stock options and performance shares. <ul style="list-style-type: none">• Base Salary—reflects fundamental role of executive• Annual cash incentive—reward for achieving specific key annual levels of corporate performance• Stock Options—aligns the executive with the interests of the shareholders• Performance shares—reward for achieving key drivers of long-term shareholder value
Performance Metrics	The value of our compensation components (with the exception of base salary) is based on three categories of performance metrics: <ul style="list-style-type: none">• Financial goals—annual incentive and performance shares• Strategic objectives—annual incentive• Stock price appreciation—stock options and performance shares
Perquisites and Special Benefits	Huron did not provide material perquisites to any named executive officer in 2012.
Agreements/Contracts	Each of our named executive officers is covered by a senior management agreement which includes non-solicitation agreements.
Governance Practices	The Compensation Committee takes a number of steps to ensure sound governance. Among these steps are: the Compensation Committee conducts an annual evaluation of its performance; conducts an annual review of its charter; follows a thorough checklist to ensure that charter requirements are followed throughout the year; and has affirmed its independence and that of its external consultant.
External Consultant	Since 2009, the Compensation Committee has received advice from Semler Brossy Consulting Group, LLC (“Semler Brossy”).

Role of Compensation Committee

The Compensation Committee is responsible for, among other things, administering our executive compensation program in a manner consistent with our compensation philosophy and objectives. The principal functions of the Compensation Committee are to:

- set salaries and annual and long-term incentive levels for the CEO and other executive officers;
- evaluate annually the performance of the CEO (in coordination with the full board) and review the CEO evaluation of the other senior executives;
- review and approve the design and competitiveness of compensation plans, executive benefits and perquisites;
- review annually director compensation and make recommendations to the board;
- review and approve goals used for the annual and long-term incentive plans;
- retain and terminate, in its sole discretion, any independent compensation consultant used to assist the Compensation Committee;
- review and evaluate compensation arrangements to assess whether they could encourage undue risk taking; and
- create a Compensation Committee report on executive compensation for inclusion in the proxy statement.

The Compensation Committee acts independently, but works closely with our board of directors and the executive management team in making many of its decisions. To support decision making, the Compensation Committee has retained the services of Semler Brossy.

In 2012, the Compensation Committee was comprised entirely of independent directors, none of whom has at any time been an officer or employee of the Company.

Role of Management

Our CEO works together with the Corporate Vice President, Human Resources and the Compensation Committee of our board of directors to establish, review and evaluate compensation packages and policies for our executive officers. Our CEO reviews the performance of each named executive officer and makes recommendations to the Compensation Committee based on his review. In addition, our CEO, CFO, and General Counsel provide input into our strategic goals for future performance periods. However, the Compensation Committee carefully reviews all information before finalizing incentive goals; we believe such a process ensures that goals will be motivating and challenging, but also attainable.

Role of Compensation Advisor

The Compensation Committee continued to retain Semler Brossy as its advisor for the 2012 fiscal year to assist in the ongoing assessment of our executive compensation strategy and program. Semler Brossy reports directly to the Compensation Committee and serves at its sole discretion. Semler Brossy does not perform any other services for the Company other than in connection with its work for the Compensation Committee. The Committee has analyzed whether the work of Semler Brossy as a compensation consultant has raised any conflict of interest, taking into consideration the following factors: (i) the provision of other services to the Company by Semler Brossy; (ii) the amount of fees from the Company paid to Semler Brossy as a percentage of the firm's total revenue; (iii) Semler Brossy's policies and procedures that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Semler Brossy or the individual compensation advisors employed by the firm with an executive officer of the Company; (v) any business or personal relationship of the individual

compensation advisors with any member of the Committee; and (vi) any stock of the Company owned by Semler Brossy or the individual compensation advisors employed by the firm. The Committee has determined, based on its analysis of the above factors, that the work of Semler Brossy and the individual compensation advisors employed by Semler Brossy as compensation consultants to the Company has not created any conflict of interest.

Principal Components of Compensation

Targeting of Total Direct Compensation. The Compensation Committee's objective is to target total direct compensation within 10% to 15% of the median of the peer group for each named executive officer.

[Table of Contents](#)

It is the assessment of the Compensation Committee that the total direct compensation levels of our named executive officers including our CEO are consistent and aligned with the competitive median of our peer group. The most recent analysis by Semler Brossy indicated that the total direct compensation levels are at the low end of +/-10% to 15% of median range with the exception of the CEO, who is in the market median range.

2012 Base Salary and Annual Incentive Changes. The Compensation Committee approved the following changes to base salary and target annual incentive levels for the named executive officers for 2012 compared to 2011.

<u>Executive Officer</u>	<u>Compensation</u>	<u>Rationale</u>
James H. Roth	Salary - \$800,000 2012 Target AIP* - 110% of salary	No changes made.
C. Mark Hussey	Salary - \$325,000 to \$350,000 2012 Target AIP - 80% of salary	Base salary adjusted based on individual performance.
James K. Rojas	Salary - \$550,000 2012 Target AIP - 80% to 90% of salary	AIP adjusted based on individual performance.
Diane E. Ratekin	Salary - \$325,000 to \$350,000 2012 Target AIP - 50% of salary	Base salary adjusted based on individual performance.

* **AIP is defined as Annual Incentive Plan**

2012 Annual Incentive Performance. The Compensation Committee approved a total annual incentive payout of 70% of target to each named executive officer. This amount was determined in the following fashion:

- A payout of 48.8% of target to each named executive officer was first determined based on revenue and adjusted EBITDA margin targets established for the plan year and the Compensation Committee's evaluation of performance versus strategic measures established for the plan year.
 - Revenue reflects performance of the Company's mandate to continue expansion of its service offerings and market presence.
 - Adjusted EBITDA margin percentage is used to reinforce the Company's focus on profitable growth.
 - Strategic measures are designed to reinforce the importance of specific initiatives, and the performance against these strategic measures was evaluated based on the judgment of the Compensation Committee. To ensure compliance with the terms of Section 162(m) with respect to the payments under the program as performance-based compensation, for a payout up to the maximum under strategic measures, which is 125% of target, GAAP EPS must exceed \$.05.
- The board also evaluated the overall results of the named executive officers in their collective leadership of Huron. The Compensation Committee noted the following performance:
 - Strong fourth quarter revenue performance.
 - Excellent cost control efforts that resulted in strong EBITDA and EPS performance despite the revenue falling short of target.
 - Successful integration of multiple acquisitions during the year.
 - Net reduction of borrowings while funding acquisitions and capital expenditures.
- As a result of considering these additional performance factors, the board awarded a discretionary bonus, which together with the 48.8% earned under the Annual Incentive Plan, resulted in an overall payout equal

to 70% of the target amount under the Annual Incentive Plan. The 70% payout level is in line with the average Company-wide bonus funding levels for 2012. The additional 21.2% payout was determined outside of the Annual Incentive Plan and is reflected in the Summary Compensation Table under the Bonus column.

The chart below shows the results of each performance measure and the calculation of the incentive award.

Measure	Weight	2012 Actual	2012 Performance Targets			% Earned
			25%	100%	125%	
Revenue	40%	\$ 626MM	\$631MM	\$671MM	\$686MM	0%
EBITDA Percentage	30%	18.5%	18.3%	18.7%	19.0%	63%

Total Bonus as % of Target						70%

(1) In determining the named executive officers' performance against the strategic measures, the Compensation Committee reviewed results in the following seven areas:

- Continue to develop and expand Clinical and Academic Medical Center solution.
- Diversify Legal Consulting customer base, continue turnaround in Legal Advisory and improve International profitability.
- Enhance growth in Financial Consulting practice by implementing Healthcare M&A and Operational Improvement solutions.
- Develop succession planning program for key senior leadership roles.
- Identify and complete tuck-in acquisitions to supplement organic growth.
- Implement an effective working capital management program.
- Determine and execute real estate strategy.

The Compensation Committee determined that performance met or exceeded all measures with the exception of International profitability within the Legal Consulting practice. The Committee then considered that within the Legal Consulting practice, a global sales organization was launched; the Advisory solution generated 37% revenue growth; and two strategic acquisitions were completed including one in the United Kingdom. A new data center was also completed in the United Kingdom which will support future International growth and profitability. Overall, after considering the performance in all seven areas, the Compensation Committee determined that 100% is an appropriate rating.

Long-Term Incentive Decisions for 2012

2012 Long-Term Equity Grant. The 2012 grants were structured as 70% performance shares and 30% stock options (weighting based on grant date fair value) to ensure there is appropriate focus on driving both financial performance and shareholder returns.

Executive	2012 Equity Grants	
	Performance Shares	Stock Options
James H. Roth	20,534	19,661
C. Mark Hussey	6,417	6,144
James K. Rojas	12,101	11,586
Diane E. Ratekin	3,208	3,072

[Table of Contents](#)

As detailed in the chart above, performance shares and stock options were granted on March 1, 2012. The performance shares will qualify for vesting based on Huron's overall non-GAAP adjusted EPS targets that were established at the beginning of the year as set out below. Interpolation is used when results are between the established performance levels.

	2012 Actual	2012 Performance Goals/Payouts		
		25%	100%	125%
Non-GAAP EPS	\$ 2.34	\$2.34	\$2.59	\$2.76

Non-GAAP adjusted EPS is used in the long-term incentive plan to ensure that the named executive officers are focused on profitability for shareholders over time. Once the performance has been determined, one-third of the shares earned will vest immediately; two-thirds will vest at the end of 2014.

For the 2012 fiscal year, actual adjusted EPS was \$2.34 and, as such, each named executive officer earned 25% of the grant of performance shares, with one-third vesting on December 31, 2012 and the balance vesting on December 31, 2014.

The stock options were granted on March 1, 2012. The stock options granted will vest 25% per year over four years based on continued service.

2012 Say on Pay Vote

We were pleased to receive a vote in excess of 90% favoring the 2012 "Say on Pay" advisory vote. We believe this positive vote reflects the number of improvements that were made in our executive compensation program in 2009, 2010 and 2011. In light of the strong support, we made no significant changes to our executive compensation program based on concerns or issues raised by our shareholders. Shareholders at the 2011 Annual Meeting expressed a preference that advisory votes on executive compensation occur every year. Consistent with this preference, the Company will hold its advisory vote on the compensation of the Company's named executive officers annually until the 2017 Annual Meeting, at which time shareholders will again be asked to vote on the frequency of advisory votes on named executive officer compensation. We continue to desire feedback from our shareholders on our executive compensation program and will consider the views of our shareholders as we evaluate our compensation program in 2013.

Health and Welfare Benefits

The named executive officers are eligible for the same benefits generally available to Huron employees. The Company provides to all of its managing directors, Corporate Vice Presidents and named executive officers enhanced disability and life insurance benefits, and to Executive Vice Presidents it offers reimbursement of the cost of an annual executive physical examination.

Deferred Compensation

The Company also offers a nonqualified deferred compensation plan (the "DCP") to all managing directors, Corporate Vice Presidents, named executive officers and independent directors. The DCP allows participants to elect to defer up to 75% of their base salary and 100% of their annual cash incentive into a deferred compensation account and to choose from a number of investment vehicles. In 2012, none of the executive officers or independent directors elected to participate in the DCP.

[Table of Contents](#)

Perquisites

Huron did not provide material perquisites to any named executive officer in 2012. The Company provides to all of its managing directors, Corporate Vice Presidents and executive officers enhanced disability and life insurance benefits, and to Executive Vice Presidents it offers reimbursement of the cost of an annual executive physical examination.

Change of Control / Severance Agreements

The Compensation Committee periodically reviews typical industry practices concerning severance and change of control agreements compared to Huron's severance and change of control agreements. Huron has entered into agreements with each of the named executive officers that provide for benefits upon termination of employment under certain circumstances, including in connection with a change of control of the Company. Huron provides these benefits as a means of remaining competitive, retaining executive officers, focusing executive officers on shareholder interests when considering strategic alternatives, and providing income protection in the event of involuntary loss of employment. In general, these arrangements provide for severance benefits upon Huron's termination of the executive's employment without cause or resignation by the executive for good reason (constructive termination). In the event of a change of control of Huron, and if the executive's employment is terminated without cause or for good reason (constructive termination), the executive will receive enhanced severance benefits. Huron provides enhanced severance benefits with a so-called "double trigger" because the Company believes that the executive officers would be materially harmed in a change of control only if it results in reduced responsibilities or compensation or loss of employment for the executive. Huron is not obligated under any gross-up provisions for excise tax payments for the CEO and other named executive officers in the event of a change of control.

Please refer to the discussion under "Employment and Severance Agreements" below for a more detailed discussion of the severance and change of control arrangements with the named executive officers.

Clawback Provisions

Currently the SEC and the NASDAQ are engaged in rulemaking to revise the listing standards to require a clawback policy in accordance with the applicable provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. Once this rulemaking is completed, the Company will promptly adopt an appropriate clawback policy.

Stock Ownership Guidelines, Holding Requirements, Hedging and Pledging Policies

In 2010, the Compensation Committee adopted stock ownership guidelines for Huron's named executive officers and directors. The guidelines, set forth below, are consistent with peer practices and designed to promote alignment with the interests of stockholders and the Company's commitment to sound corporate governance.

<u>Position</u>	<u>Stock Ownership Guideline</u>
CEO	the lesser of 3x salary or 120,000 shares
CFO	the lesser of 2x salary or 50,000 shares
Other Executive Officers	the lesser of 1x salary or 20,000 shares
Non-employee Directors	the lesser of 3x annual retainer or 9,000 shares

Until the relevant stock ownership target is achieved, executive officers are required to retain a number of shares equal to at least 60% of the net after tax proceeds from the exercise of stock options or vesting of restricted stock and performance shares. Only shares owned outright count towards ownership requirements. Unexercised stock options and unvested performance or restricted stock do not count.

[Table of Contents](#)

Mr. Roth and all of our non-employee directors have met the stock ownership guidelines. Mr. Hussey and Ms. Ratekin are expected to retain a number of shares equal to at least 60% of the net after tax value from the exercise of stock options or vesting of restricted stock and performance shares until they satisfy the ownership requirements.

The Company has an insider trading policy that prohibits directors, officers, employees and contractors from entering into transactions in publicly traded puts, calls or other derivative securities with respect to Huron's stock and requires that any other transaction that "hedges" the ownership in Huron's stock be pre-cleared by the General Counsel. In addition, the board has adopted a policy that requires board approval of any hedging activities by executive officers, and the board has indicated it would not approve any such hedging activities except in unusual circumstances.

The Company also has a pledging policy that in general prohibits directors, officers, employees, and contractors from holding Company securities in a margin account or pledging Company securities as collateral for a loan. Limited exceptions may be made by the General Counsel if the person wishes to pledge Company securities as collateral for a loan (and not including margin debt) and clearly demonstrates the financial capacity to repay the loan without resort to the pledged securities.

Tax Considerations

Section 162(m). Section 162(m) of the Code generally limits the deductibility for federal income tax purposes of compensation in excess of \$1 million to the CEO or any of the next three most highly paid executive officers of a publicly held corporation (other than the CFO). Huron may deduct compensation exceeding \$1 million for federal income tax purposes if the compensation is paid pursuant to a performance-based, nondiscretionary plan that is approved by stockholders. Both the annual incentive plan and the equity plans comply with all the provisions of Section 162(m). The Compensation Committee reserves the right to pay compensation that is not performance based and that may not be deductible under Section 162(m).

Section 280G. Section 280G of the Code disallows a company's tax deduction for certain payments in connection with a change of control defined as "excess parachute payments," and Section 4999 of the Code imposes a 20% excise tax on certain persons who receive excess parachute payments. The Compensation Committee amended senior management agreements in 2010 to ensure that severance payments would not be classified as "excess parachute payments."

Under the terms of our senior management agreements, if any amount, right or benefit paid or payable to the executive under the agreement or any other plan, program or arrangement would constitute an "excess parachute payment" under Section 280G of the Code, subject to the excise tax imposed by Section 4999 of the Code, then the amount of payments payable to the executive under the agreement will be reduced to the extent necessary so that no portion of such payments is subject to such excise tax.

Employment and Severance Agreements

The Company currently has employment agreements with each of its named executive officers.

Roth senior management agreement

On January 12, 2010, the Company entered into an Amended and Restated Senior Management Agreement, effective as of July 30, 2009, with James H. Roth, CEO and President of the Company (the "Roth Agreement"). Set forth below is a brief description of the material terms of the Roth Agreement.

Term of Agreement. The Roth Agreement covers a term beginning on July 30, 2009 and continuing for three years from that date. Following the expiration of that initial three-year term, the Roth Agreement will be automatically renewed every 12 months, unless Mr. Roth or the Company provides 60 days' notice to the other that such automatic renewal shall cease. The Roth Agreement may be terminated earlier by Mr. Roth or the Company pursuant to its terms.

Base Salary. The Roth Agreement provides for an annual base salary of \$800,000.

Annual Target Bonus. Each calendar year Mr. Roth will be eligible for an annual target bonus in an amount determined by the Compensation Committee based on performance and the Company's compensation policies, which target bonus will not be less than 110% of Mr. Roth's base salary. The actual amount of such annual bonus to be paid to Mr. Roth will be based on performance (the targets for which will be established within the first 90 days of the year to which such target bonus relates).

Equity Awards. Mr. Roth will generally be eligible to participate in the Company's equity plans, with the amount and terms of any equity awards being in the sole discretion of the Compensation Committee and based on performance and the Company's compensation policies.

Other Benefits. Mr. Roth will be eligible to participate in the Company's various health and welfare benefit plans for its similarly situated key management employees.

Post-Termination Payments. If Mr. Roth's employment is terminated by the Company without Cause, or he resigns for Good Reason, Mr. Roth will be entitled to: (i) severance pay in an amount equal to the sum of his annual base salary and then-prevailing target bonus ("Severance Pay"), (ii) continuation of medical, dental and vision benefits for 12 months upon the same terms as exist from time to time for active similarly situated executives of the Company, (iii) a cash payment equal to the annual bonus he would have earned for the year of termination or resignation based on performance, prorated based upon the number of days employed in the year of termination or resignation, and (iv) pro rata vesting of any outstanding equity awards granted to Mr. Roth prior to 2010. In addition, Mr. Roth's equity award agreements subsequent to December 31, 2009 provide for pro rata vesting of unvested restricted shares and service-based option awards and pro rata vesting of performance shares based on actual performance. The receipt of such benefits is conditioned upon Mr. Roth's compliance with the covenants, representations and warranties contained in the Roth Agreement, as well as the execution and acceptance of the terms and conditions of a general release in the standard form used by the Company.

"Good Reason" is defined in the Roth Agreement to mean a resignation following: (i) a change in Mr. Roth's primary location of employment to a location that is more than 75 miles from Chicago, Illinois, (ii) a material breach of the Roth Agreement by the Company, (iii) a material reduction in his base salary or target cash compensation for a year, (iv) a material diminishment of his position, title, duties or responsibilities, or (v) the

execution of a binding agreement committing the Company to a Change of Control (as defined in the Roth Agreement) without also committing legally and announcing publicly that Mr. Roth shall become the Chief Executive Officer of the surviving Company. The Roth Agreement provides the Company the right to cure prior to a resignation for Good Reason.

Change of Control. If (i) Mr. Roth's employment is terminated by the Company without Cause or if he resigns for a CoC Good Reason within two years following a Change of Control or (ii) Mr. Roth reasonably demonstrates that his termination by the Company (or an event which, had it occurred after a Change of Control, would have constituted a CoC Good Reason) prior to a Change of Control was attributable to, or intended to facilitate a Change of Control or was at the request of a third party acting to effect a Change of Control, and a Change of Control actually occurs within 12 months of such termination or resignation (each of (i) and (ii), a "Qualifying Termination"), then Mr. Roth will be entitled to: (a) cash equal to his target bonus for the year of termination or resignation, prorated based on the number of days employed in the year of termination or resignation, (b) cash equal to two times the sum of his annual base salary and target bonus for the year of termination or resignation, and (c) continuation of medical, dental and vision benefits for two years following the date of such termination or resignation upon the same terms as exist for him immediately prior to the termination or resignation date. In addition, in the case of a Qualifying Termination that occurs prior to a Change of Control, Mr. Roth will be provided with a cash payment equal to the difference between (i) the amount of the premium paid by him for continuation of medical benefits under COBRA between the Qualifying Termination and the date of the Change of Control and (ii) the amount of the premium that Mr. Roth would have paid for medical coverage during such period had his coverage been continued during such period upon the same terms as existed for him immediately prior to the termination or resignation date. All of Mr. Roth's outstanding restricted stock and performance share grants that were awarded at or prior to the time of the Change of Control will fully vest upon the occurrence of a Qualifying Termination. Mr. Roth's service-based unvested option award will vest only if the acquirer does not assume the option upon a Qualifying Termination. The option award with a performance requirement will only vest if as of the Change of Control date the performance requirement is met and the acquirer does not assume the option upon a Qualifying Termination. The receipt of the benefits described in this paragraph is conditioned on Mr. Roth's compliance with covenants, warranties and representations in the Roth Agreement and his execution and acceptance of the terms of a general release of the Company. The payments in clauses (a) and (b) of this paragraph shall be in lieu of any Severance Pay and any other plan or agreement providing for severance payments or benefits. Further, Mr. Roth will not be entitled to payments and benefits under both the Change of Control provisions of the Roth Agreement and the provisions of the Roth Agreement governing compensation after termination unrelated to a Change of Control.

"CoC Good Reason" is defined in the Roth Agreement to mean certain adverse changes in anticipation of, or within two years following, a Change of Control including: (a) any material breach of the Roth Agreement by the Company, (b) any material adverse change in Mr. Roth's status, responsibilities or position with the Company, (c) any material reduction in his base salary or Target Bonus, other than in connection with an across-the-board reduction in base salaries applicable in like proportions to all similarly situated executives of the Company and any direct or indirect parent of the Company, (d) assignment of duties to Mr. Roth that are materially inconsistent with his position and responsibilities described in the Roth Agreement, including, specifically, assignment of a position other than as Chief Executive Officer of the surviving Company, or (e) requiring Mr. Roth to be principally based at any office or location that is greater than 75 miles from Chicago, Illinois.

The Roth Agreement further provides that, if any amount, right or benefit paid or payable to Mr. Roth under the Roth Agreement or any other plan, program or arrangement would constitute an "excess parachute payment" under Section 280G of the Code, subject to the excise tax imposed by Section 4999 of the Code, then the amount of payments payable to Mr. Roth under the Roth Agreement will be reduced to the extent necessary so that no portion of such payments is subject to such excise tax.

Hussey senior management agreement

On July 7, 2011, the Company entered into a Senior Management Agreement, effective as of July 18, 2011, with C. Mark Hussey, CFO and Treasurer of the Company (the “Hussey Agreement”). Set forth below is a brief description of the material terms of the Hussey Agreement.

Term of Agreement. The Hussey Agreement covers a term beginning on July 18, 2011 and continuing for one year from that date (the “Initial Period”). Following the expiration of that initial one-year term, the Hussey Agreement will be automatically renewed every 12 months, unless Mr. Hussey or the Company provides 60 days’ notice to the other that such automatic renewal shall cease. The Hussey Agreement may be terminated earlier by Mr. Hussey or the Company pursuant to its terms.

Base Salary. The Hussey Agreement provides for an annual base salary, payable in accordance with the Company’s customary payroll practices as in effect from time to time. At the conclusion of the Initial Period, the CEO shall perform an annual review of Mr. Hussey’s compensation based on Mr. Hussey’s performance of his duties and the Company’s other compensation policies. The term base salary shall include any changes to the base salary from time to time.

Annual Target Bonus. Each calendar year Mr. Hussey will be eligible for an annual target bonus in an amount determined by the Compensation Committee of the board based on performance and the Company’s compensation policies. The actual Annual Bonus paid will be based on the Company and Mr. Hussey’s performance.

Equity Awards. Mr. Hussey will generally be eligible to participate in the Company’s equity plans, with the amount and terms of any equity awards being in the sole discretion of the Compensation Committee based on the Company’s and Mr. Hussey’s performance and the Company’s compensation policies.

Other Benefits. Mr. Hussey will be eligible to participate in the Company’s various health and welfare benefit plans for its similarly situated key management employees.

Post-Termination Payments. If Mr. Hussey’s employment is terminated by the Company without Cause or he resigns for Good Reason, in either case, Mr. Hussey will be entitled to: (i) severance pay in an amount equal to six months base salary (“Severance Pay”) and (ii) continuation of medical benefits for six months upon the same terms as exist from time to time for active similarly situated executives of the Company. The receipt of such benefits is conditioned upon Mr. Hussey’s compliance with the covenants, representations, warranties and agreements contained in the Hussey Agreement, as well as the execution and acceptance of the terms and conditions of a general release in the standard form used by the Company.

“**Good Reason**” is defined in the Hussey Agreement to mean a resignation following: (i) a change in Mr. Hussey’s primary location of employment to a location that is more than 50 miles from Chicago, Illinois, (ii) a failure to comply with any material term of the Hussey Agreement by the Company, (iii) a material reduction in his base salary or benefits coverage, provided that such reduction is without his consent, is not warranted by the Company’s financial condition, and is not a change that applies uniformly to similarly situated Company executives.

Change of Control. If (i) Mr. Hussey’s employment is terminated by the Company without Cause or if he resigns for a CoC Good Reason, in either case, within two years following a Change of Control or (ii) Mr. Hussey reasonably demonstrates that his termination by the Company (or an event which, had it occurred after a Change of Control, would have constituted a CoC Good Reason) prior to a Change of Control was attributable to or intended to facilitate a Change of Control or was at the request of or instigation of a third party acting to effect a Change of Control, and a Change of Control actually occurs within 12 months of such termination or resignation (each of (i) and (ii), a “Qualifying Termination”), then Mr. Hussey will be entitled to:

[Table of Contents](#)

(a) cash equal to the then-prevailing target amount of his annual bonus (the “Target Bonus”) for the year of termination or resignation, prorated based on the number of days employed in the year of termination or resignation, (b) cash equal to the sum of his annual base salary and Target Bonus, if any, for the year of termination or resignation and (c) continuation of medical benefits for one year following the date of such termination or resignation upon the same terms as exist for him immediately prior to the termination or resignation date. In addition, in the case of a Qualifying Termination that occurs prior to a Change of Control, Mr. Hussey will be provided with a lump sum cash payment equal to the difference between (i) the amount of the premium paid by him for continuation of medical benefits under COBRA from the date of the Qualifying Termination through the date of the Change of Control (the “Pre-CoC Coverage Period”) and (ii) the amount of the premium that Mr. Hussey would have paid for continuation of medical coverage during the Pre-CoC Coverage Period. All of Mr. Hussey’s outstanding equity grants that were awarded at or prior to the time of the Change of Control will fully vest upon the occurrence of a Qualifying Termination. The receipt of the benefits described in this paragraph is conditioned on Mr. Hussey’s compliance with covenants, warranties, representations and agreements in the Hussey Agreement, as well as his execution and acceptance of the terms and conditions of a general release in the standard form used by the Company.

“**CoC Good Reason**” is defined in the Hussey Agreement to mean the occurrence of any of the following within the 24-month period following a Change of Control: (a) any material breach of the Hussey Agreement by the Company, (b) any material adverse change in Mr. Hussey’s status, responsibilities or position with the Company, (c) any material reduction in his base salary, other than in connection with an across-the-board reduction in base salaries applicable in like proportions to all similarly situated executives of the Company and any direct or indirect parent of the Company, (d) assignment of duties to Mr. Hussey that are materially inconsistent with his position and the responsibilities described in the Hussey Agreement or (e) requiring Mr. Hussey to be principally based at any location that is greater than 50 miles from Chicago, Illinois.

The Hussey Agreement further provides that if any amount, right or benefit paid or payable to Mr. Hussey under the Hussey Agreement or any other plan, program or arrangement would constitute an “excess parachute payment” under Section 280G of the Code, subject to the excise tax imposed by Section 4999 of the Code, then the amount of payments payable to Mr. Hussey under the Hussey Agreement will be reduced to the extent necessary so that no portion of such payments is subject to the excise tax.

Rojas senior management agreement

On March 2, 2010, the Company entered into an Amended and Restated Senior Management Agreement, effective as of October 1, 2009, with James K. Rojas, then COO of the Company (the “Rojas Agreement”). Set forth below is a brief description of the material terms of the Rojas Agreement.

Term of Agreement. The Rojas Agreement covers a one-year term. Following the expiration of that initial one-year term, the Rojas Agreement automatically renews every 12 months, unless Mr. Rojas or the Company provides 60 days’ notice to the other that such automatic renewal shall cease. The Rojas Agreement may be terminated earlier by Mr. Rojas or the Company pursuant to its terms.

Base Salary. The Rojas Agreement entitles Mr. Rojas to an annual base salary. The amount of such base salary is not specified in the Rojas Agreement. The CEO of the Company will review Mr. Rojas’s compensation annually, based on Mr. Rojas’s performance and the Company’s other compensation policies. Mr. Rojas’s base salary may not be reduced without his consent unless such reduction is part of a comparable overall reduction for members of senior management of the Company.

Annual Target Bonus. Each calendar year Mr. Rojas will be eligible for an annual bonus in an amount determined by the Compensation Committee based on the Company’s and Mr. Rojas’s performance and the Company’s compensation policies.

[Table of Contents](#)

Equity Awards. Mr. Rojas will generally be eligible to participate in the Company's equity plans, with the amount and terms of any equity awards being in the sole discretion of the Compensation Committee based on the Company's and Mr. Rojas's performance and the Company's compensation policies.

Other Benefits. Mr. Rojas will be eligible to participate in the Company's various health and welfare benefit plans for its similarly situated key management employees.

Post-Termination Payments. If Mr. Rojas's employment is terminated by the Company without Cause or he resigns for Good Reason, in either case, Mr. Rojas will be entitled to: (i) severance pay in an amount equal to six months base salary ("Severance Pay"), (ii) pro rata vesting of any outstanding equity awards granted to Mr. Rojas prior to 2010 and (iii) continuation of medical benefits for six months upon the same terms as exist from time to time for active similarly situated executives of the Company. In addition, Mr. Rojas's equity award agreements subsequent to December 31, 2009 provide for pro rata vesting of unvested restricted shares and pro rata vesting of performance shares based on actual performance. The receipt of such benefits is conditioned upon Mr. Rojas's compliance with the covenants, representations, warranties and agreements contained in the Rojas Agreement, as well as the execution and acceptance of the terms and conditions of a general release in the standard form used by the Company.

"**Good Reason**" is defined in the Rojas Agreement to mean a resignation, not in connection with a Change of Control, following a change in Mr. Rojas's primary location of employment to a location that is more than 75 miles from Chicago, Illinois.

Change of Control. If (i) Mr. Rojas's employment is terminated by the Company without Cause or if he resigns for a CoC Good Reason, in either case, within two years following a Change of Control or (ii) Mr. Rojas reasonably demonstrates that his termination by the Company (or an event which, had it occurred after a Change of Control, would have constituted a CoC Good Reason) prior to a Change of Control was attributable to, or intended to facilitate a Change of Control or was at the request of a third party acting to effect a Change of Control, and a Change of Control actually occurs within 12 months of such termination or resignation (each of (i) and (ii), a "Qualifying Termination"), then Mr. Rojas will be entitled to: (a) cash equal to the target amount of his annual bonus (the "Target Bonus") for the year of termination or resignation, prorated based on the number of days employed in the year of termination or resignation, (b) cash equal to two times the sum of his annual base salary and Target Bonus, if any, for the year of termination or resignation and (c) continuation of medical benefits for two years following the date of such termination or resignation upon the same terms as exist for him immediately prior to the termination or resignation date. In addition, in the case of a Qualifying Termination that occurs prior to a Change of Control, Mr. Rojas will be provided with a cash payment equal to the difference between (i) the amount of the premium paid by him for continuation of medical benefits under COBRA between the date of the Qualifying Termination and the date of the Change of Control and (ii) the amount of the premium that Mr. Rojas would have paid for medical coverage during such period had his coverage been continued during such period upon the same terms as existed for him immediately prior to the termination or resignation date. All of Mr. Rojas's outstanding equity grants that were awarded at or prior to the time of the Change of Control will fully vest upon the occurrence of a Qualifying Termination. The receipt of the benefits described in this paragraph is conditioned on Mr. Rojas's compliance with covenants, warranties, representations and agreements in the Rojas Agreement, as well as his execution and acceptance of the terms and conditions of a general release in the standard form used by the Company.

"**CoC Good Reason**" is defined in the Rojas Agreement to mean certain adverse changes in anticipation of, or within two years following, a Change of Control including: (a) any material breach of the Rojas Agreement by the Company, (b) any material adverse change in Mr. Rojas's status, responsibilities or position with the Company, (c) any material reduction in his base salary or Target Bonus, other than in connection with an across-the-board reduction in base salaries applicable in like proportions to all similarly situated executives of the Company and any direct or indirect parent of the Company, (d) assignment of duties to Mr. Rojas that are

materially inconsistent with his position and the responsibilities described in the Rojas Agreement or (e) requiring Mr. Rojas to be principally based at any location that is greater than 75 miles from Chicago, Illinois.

The Rojas Agreement further provides that if any amount, right or benefit paid or payable to Mr. Rojas under the Rojas Agreement or any other plan, program or arrangement would constitute an “excess parachute payment” under Section 280G of the Code, subject to the excise tax imposed by Section 4999 of the Code, then the amount of payments payable to Mr. Rojas under the Rojas Agreement will be reduced to the extent necessary so that no portion of such payments is subject to such excise tax.

Change of Control. If (i) Ms. Ratekin's employment is terminated by the Company without Cause or if she resigns for a CoC Good Reason, in either case, within two years following a Change of Control or (ii) Ms. Ratekin reasonably demonstrates that her termination by the Company (or an event which, had it occurred after a Change of Control, would have constituted a CoC Good Reason) prior to a Change of Control was attributable to or intended to facilitate a Change of Control or was at the request of or instigation of a third party acting to effect a Change of Control, and a Change of Control actually occurs within 12 months of such termination or resignation (each of (i) and (ii), a "Qualifying Termination"), then Ms. Ratekin will be entitled to: (a) cash equal to the then-prevailing target amount of her annual bonus (the "Target Bonus") for the year of termination or resignation, prorated based on the number of days employed in the year of termination or resignation, (b) cash equal to the sum of her annual base salary and Target Bonus, if any, for the year of termination or resignation and (c) continuation of medical benefits for one year following the date of such termination or resignation upon the same terms as exist for her immediately prior to the termination or resignation date. All of Ms. Ratekin's outstanding equity grants that were awarded at or prior to the time of the Change of Control will fully vest upon the occurrence of a Qualifying Termination. The receipt of the benefits described in this paragraph is conditioned on Ms. Ratekin's compliance with covenants, warranties, representations and agreements in the Ratekin Agreement, as well as her execution and acceptance of the terms and conditions of a general release in the standard form used by the Company.

"**CoC Good Reason**" is defined in the Ratekin Agreement to mean the occurrence of any of the following within the 24-month period following a Change of Control including: (a) any material breach of the Ratekin Agreement by the Company, (b) any material adverse change in Ms. Ratekin's status, responsibilities or position with the Company, (c) any material reduction in her base salary or Target Bonus, other than in connection with an across-the-board reduction in base salaries applicable in like proportions to all similarly situated executives of the Company and any direct or indirect parent of the Company, (d) assignment of duties to Ms. Ratekin that are materially inconsistent with her position and the responsibilities described in the Ratekin Agreement or (e) requiring Ms. Ratekin to be principally based at any location that is greater than 75 miles from Chicago, Illinois.

2012 Nonqualified Deferred Compensation

None of the named executive officers participated in the DCP in 2012. The Company maintains the DCP, which became effective July 1, 2006. The DCP permits managing directors, Corporate Vice Presidents and named executive officers to elect to defer up to 75% of their base salary and 100% of their annual cash incentive into a deferred compensation account and to choose from a number of generally available investment vehicles. Earnings are credited based on earnings of the investment options selected by the participant. Huron does not match any amounts deferred or otherwise contribute to the DCP except to make restoration payments to the accounts of participants who do not receive the maximum eligible 401(k) match as a result of participation in the DCP. Deferral elections for base salary and any guaranteed bonus must be made in the calendar year prior to earning such base salary or within 30 days of becoming eligible for the plan. The Company requires that deferral elections of the annual cash incentive must be made 12 months prior to the end of the applicable performance period. Independent directors may also defer up to 100% of their retainer and meeting fees into the DCP.

Payments from the plan automatically begin upon termination of employment or separation from service as a director. Key employees, including executive officers, must wait six months after termination to receive payment from the plan. Participants may elect payment in a lump sum or annual installments for up to 15 years. Upon proof of financial hardship and approval from the Compensation Committee, a participant may be allowed an early distribution. Participants may also elect to receive payments prior to termination through a scheduled distribution.

Termination Without Cause or Resignation for Good Reason

If any of our executives with a senior management agreement is terminated by us without Cause or resigns for Good Reason, as defined in his or her senior management agreement, upon executing a general release and waiver, the Company is obligated to pay severance and continuation of benefits in varying amounts. In addition, unvested equity will accelerate on a pro rata basis upon termination without Cause or resignation for Good Reason.

The following severance benefit is payable to each of our named executive officers upon termination without Cause or resignation for Good Reason, except in the case of a Change of Control, as of December 31, 2012:

James H. Roth	Twelve months of base salary and his then current target bonus, pro rata bonus in the year of termination based on actual results, 12 months' continuation of medical, dental and vision insurance coverage, pro rata vesting of all unvested restricted shares and service-based option awards, and pro rata vesting of performance shares that would otherwise have been earned in the year of termination. Severance amounts are payable in a lump sum.
C. Mark Hussey	Six months' salary as severance payable in a lump sum, six months' continuation of medical insurance, pro rata vesting of all unvested restricted shares, and pro rata vesting of performance shares that would otherwise have been earned in the year of termination. Severance amounts are payable in a lump sum.
James K. Rojas	Six months' salary as severance payable in a lump sum, six months' continuation of medical insurance, pro rata vesting of all unvested restricted shares, and pro rata vesting of performance shares that would otherwise have been earned in the year of termination. Mr. Roth, continuation of medical, dental and vision benefits for six months and for all other executives, continuation of medical benefits for three months. In addition, all unvested equity will vest if any of our executives dies or becomes disabled.

Involuntary Termination Following Change of Control

The Company provides each of our executive officers with Change of Control severance benefits if his or her employment is terminated without Cause, as defined in the executive's senior management agreement, following a Change of Control or if the executive resigns in the two-year period following a Change of Control for Good Reason as defined in the senior management agreement. Each executive will receive the following benefits:

1. Cash equal to the then-prevailing target amount of annual bonus (the "Target Bonus") for the year of termination or resignation, prorated based on the number of days employed in the year of termination or resignation.
2. Cash equal to (i) two times the sum for Mr. Roth and Mr. Rojas and (ii) one time the sum for Ms. Ratekin and Mr. Hussey, of annual base salary and target bonus for the year of termination or resignation.
3. Continuation of medical, dental and vision benefits for two years for Mr. Roth, continuation of medical benefits for two years for Mr. Rojas, and continuation of medical benefits for one year for Ms. Ratekin and Mr. Hussey, following the date of such termination or resignation upon the same terms as exist for each immediately prior to the termination or resignation date. In addition, in the case of a Qualifying Termination that occurs prior to a Change of Control, all will be provided with a lump sum cash payment equal to the difference between (i) the amount of the premium paid for continuation of medical benefits under COBRA from the date of the Qualifying Termination through the date of the Change of Control (the "Pre-CoC Coverage Period") and (ii) the amount of the premium that all would have paid for continuation of medical coverage during the Pre-CoC Coverage Period.
4. All of the executive's outstanding equity grants that were awarded at or prior to the time of the Change of Control shall fully vest upon the occurrence of a Qualifying Termination. Mr. Roth's service-based unvested option award will vest only if the acquirer does not assume the option upon a Qualifying Termination. The option award with a performance requirement will only vest if as of the Change of Control date the performance requirement is met and the acquirer does not assume the option upon a Qualifying Termination.

All executives are subject to a cutback in benefits to eliminate any excise tax.

A Change of Control occurs if:

- any person becomes a beneficial owner of 40% or more of the Company's outstanding securities;
- there is a consummation of a merger or consolidation with any person unless (a) the voting securities of the Company outstanding immediately prior to the transaction continue to represent 60% of the combined voting power of the securities; (b) the merger is a recapitalization in which no person other than existing security holders becomes a beneficial owner representing 40% or more of the outstanding securities; (c) the merger does not represent a sale of all or substantially all of the assets;
- the stockholders approve a plan of complete liquidation or dissolution; or
- there is a disposition or sale of the Company's assets other than a sale or disposition in which at least 60% of the voting power is retained in substantially the same proportion as immediately prior to the sale.

Restrictive Covenants on Termination

No severance or benefits are paid if an executive officer is terminated for Cause or resigns other than for Good Reason as defined in the executive's senior management agreement. Executives are subject to a confidentiality and non-disclosure covenant and, for a period of 12 to 24 months following termination of employment for any reason, may not directly or indirectly solicit, induce or encourage any employee of the Company or any client of the Company to leave, alter or cease his or her relationship with it. In addition, executives may not, for a period of 12 to 24 months following termination for any reason, provide services that are the same as or similar to those offered by the Company to any client of the Company that he or she obtained as a client for the Company, to whom he or she provided services within the 12 months preceding termination of employment, or to whom he or she submitted a proposal during the six months prior to termination of employment.

For a period of 12 to 24 months following the termination of his employment for any reason, Mr. Roth may not: (i) provide services that are the same as or similar to those offered by the Company at the time of his termination to any client of the Company; (ii) directly or indirectly solicit, induce or encourage any client of the Company to leave, alter or cease his or her relationship with it; or (iii) directly or indirectly solicit, induce or encourage any employee of the Company to leave, alter or cease his or her relationship with it. Further, for a period of 12 to 24 months following the termination of his employment for any reason, Mr. Roth may not, directly or indirectly, provide services that are competitive with those of the Company to any person, firm or other business entity.

Compensation Committee Interlocks and Insider Participation

During 2012, there were no Compensation Committee interlocks and no insider participation in Compensation Committee decisions that were required to be reported under the rules and regulations of the 1934 Act.

Certain Relationships and Related Transactions

It is the responsibility of the Audit Committee to review and approve, ratify or disapprove of proposed transactions or courses of dealings with respect to which executive officers or directors or members of their immediate families have an interest (including all transactions required to be disclosed pursuant to the SEC's related person disclosure requirements). In addition, it is the policy of management and board members to discuss at a meeting of the board of directors, or the appropriate board committee, those transactions requiring disclosure pursuant to the SEC's related person disclosure requirements between Huron and a board member or a principal stockholder and members of their immediate families.

In addition, Huron has a Code of Business Conduct and Ethics (the "Code of Conduct"), a copy of which is posted on our web site at www.huronconsultinggroup.com, that applies to directors and employees and their family members. The Code of Conduct, among other things, has a policy governing conflicts of interest generally

and, in particular, prohibiting certain business arrangements with the Company and clients of the Company, entering into relationships that may be perceived as impairing the ability of the individual or Huron from performing his or its duties, as the case may be, in an impartial manner, and use of corporate property for improper personal gain. Any exceptions require disclosure and approval by the Chief Compliance Officer and, in the case of officers and directors, by the Audit Committee of the board of directors. The Code of Conduct also prohibits Huron from making any personal loans or guaranteeing any personal obligations of board members and executive officers.

PROPOSAL 2
ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) and the SEC, Huron again is asking its stockholders to indicate their support for our named executive officer compensation, which includes the compensation discussion and analysis, the compensation tables and the related narrative disclosures, all as described in the section entitled “EXECUTIVE COMPENSATION—Compensation Discussion and Analysis.”

The vote solicited by this proposal, commonly known as “Say on Pay,” is advisory in nature and will not be binding on the board of directors, the Compensation Committee or Huron. However, the board of directors and the Compensation Committee value the opinions of our stockholders, will review the voting results and may, to the extent determined appropriate, take into account the outcome of the vote during future deliberations on executive compensation arrangements. At the 2012 Annual Meeting of Stockholders, in excess of 90% of the votes cast on this proposal voted to support Huron’s named executive officer compensation.

Huron believes that its executive compensation program is structured to support Huron and its business objectives. This vote is not intended to address any one specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement.

The affirmative vote of the holders of a majority of the total shares of common stock, present in person or represented by proxy and entitled to vote on the proposal, is required to approve the advisory vote on the compensation arrangements of our named executive officers. Abstentions and broker non-votes will not be counted as votes for or against approval. Proxies submitted pursuant to this solicitation will be voted “FOR” the approval of the advisory vote on the compensation arrangements of our named executive officers, unless specified otherwise.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE **“FOR”** THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS SECTION AND THE ACCOMPANYING COMPENSATION TABLES AND NARRATIVE DISCUSSION IN THE ATTACHED PROXY STATEMENT.

PROPOSAL 3
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PricewaterhouseCoopers LLP (“PwC”), which has been the independent registered public accounting firm for the Company since its inception, has been appointed by the Audit Committee as the independent registered public accounting firm for the Company and its subsidiaries for the fiscal year ending December 31, 2013. This appointment is being presented to the stockholders for ratification. The ratification of the appointment of PwC as the independent registered public accounting firm requires the affirmative vote of the holders of a majority of the total shares of common stock present in person or represented by proxy and entitled to vote on the proposal, provided that a quorum is represented at the meeting. Abstentions will have the same effect as a vote against ratification. Broker non-votes will not be considered shares entitled to vote with respect to ratification of the appointment and will not be counted as votes for or against the ratification and will therefore have no effect on the outcome of this proposal. Proxies submitted pursuant to this solicitation will be voted “FOR” the ratification of PwC as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2013, unless specified otherwise.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “**FOR**” THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2013.

Representatives of PwC are expected to be present at the Annual Meeting and will be provided an opportunity to make a statement and to respond to appropriate inquiries from stockholders.

The Audit Committee considers whether the provision of these services is compatible with maintaining the independence of the independent registered public accounting firm and has determined such services for fiscal 2012 and 2011 were compatible.

Policy on Audit Committee Preapproval of Audit and Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy regarding preapproval of all audit and non-audit services provided by the independent registered public accounting firm.

The Audit Committee, on a periodic basis, determines certain services that have the general preapproval of the Committee. The Audit Committee must separately preapprove any services not receiving such general preapproval. Requests for such approval must be submitted by both the independent registered public accounting firm and the CFO and must include a joint statement as to whether, in their view, the request is consistent with the SEC's rules on auditor independence. No services are undertaken that are not preapproved. The Audit Committee will establish preapproved fee levels for all services to be provided by the independent registered public accounting firm. On a periodic basis, the CFO and the independent registered public accounting firm report to the Audit Committee regarding the actual spending for such projects and services compared to the approved amounts.

Report of the Audit Committee

The primary purpose of the Audit Committee is to assist the board of directors in its general oversight of the Company's financial reporting process. The Audit Committee conducted its oversight activities for Huron Consulting Group Inc. and subsidiaries ("Huron") in accordance with the duties and responsibilities outlined in the Audit Committee charter.

Huron's management is responsible for the preparation, consistency, integrity and fair presentation of the financial statements, accounting and financial reporting principles, systems of internal control and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Huron's independent registered public accounting firm, PwC, is responsible for performing an independent audit of Huron's financial statements and the effectiveness of internal control over financial reporting.

The Audit Committee, with the assistance and support of the Huron finance department and management of Huron, has fulfilled its objectives, duties and responsibilities as stipulated in the Audit Committee charter and has provided adequate and appropriate independent oversight and monitoring of Huron's systems of internal control for the fiscal year ended December 31, 2012.

These activities included, but were not limited to, the following during the fiscal year ended December 31, 2012:

- Discussed with Huron's internal auditors their continuing work in support of examination of internal controls and financial compliance controls.
- Reviewed and discussed with management and PwC the audited financial statements and the quarterly financial statements for the year ended December 31, 2012. Management has the primary responsibility for such financial statements.
- Discussed with PwC the matters requiring discussion under current auditing standards.
- Received the written disclosures and the letter from PwC in accordance with the applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the Audit Committee concerning independence.

In reliance on the Committee's review and discussions of the matters referred to above, the Audit Committee recommended to the board of directors that the audited financial statements be included in Huron's Annual Report on Form 10-K for the fiscal year ended December 31, 2012 for filing with the Securities and Exchange Commission.
